

Be a Part of The Miracle of The Fishes And The Loaves Today!

A \$10 Donation could bring up to 50 thousand dollars a year to the church!

The book of Matthew, Chapter 14, verses 13 thru 21 tells the story of a multitude of five thousand being fed by five loaves of bread and two fish. When the disciples came to Jesus and asked Him if they should send the multitudes into the nearby villages to get food and shelter, Jesus responded "You feed them." This must have come as quite a shock to the disciples. Jesus knew that the disciples only had five loaves of bread and two fish, He also knew that the disciples could not even conceive of what was about to happen. But none the less Jesus said feed them! He could have said you fellas probably don't know how to make five loaves of bread and two fish into enough food to feed five thousand, so sit down and I'll teach you how to do it. He didn't do that. He simply said Go do it! This must mean that Jesus had told them how to do it before! Jesus said that if you believe and ask in my name, it shall be done. Faith! Jesus was teaching His disciples about faith.

Today the Lord is saying to us "Feed Them". The church is the vehicle that the Lord has chosen to share the message of salvation with the world. But the church needs funds to reach the lost. Much like those Galileans needed food to stay and hear Jesus speak, the church needs funds to share the love of Christ. Will our Father in heaven deny this need? My faith says no. When the Lord calls us for a purpose He always provides the means necessary, and He has risen up a ministry whose purpose is to fund the Church... Kings and Priests Ministries.

The founders of Kings and Priests Ministries, Dennis Lee and wife Alison, are also the owners of an energy technology company. This company may soon be the largest residential energy supplier in America and have revenue in the Billions. They have pledged to donate ALL of the profits made, to the Body of Christ for the purpose of putting God back at the center of our country and world-wide evangelism. They believe that they are merely stewards of the technologies and the funds.

The energy technology they are developing is planned to be 100% pollution free and have zero operating cost. The plan is to have nation-wide public demonstrations with 1.6 million people who have agreed to witness the technologies at a demonstration. These witnesses, in exchange for coming to a successful demonstration will have a unit installed at their home that would provide them with all of their electricity 100% for free. Each one of the units would produce 15 times more power than the home would use and the excess power would be sold to the utilities grid for others to use. Kings and Priests is currently touring the country visiting churches and giving Christians the opportunity to be part of the 1.6 million people to get their power for free. Since each one of the units that would be installed would produce large amounts of excess electricity that would be sold over the electric grid and produce revenue, they are helping to generate funds for their church. Why? Because Dennis and Alison have already pledged that all of the profit that is produced will go to the church. Each Christian that becomes a witness of these technologies could be responsible for bringing up to 50 thousand dollars a year to their church and in the process will not have to pay for their electricity! K & P is a non-profit organization and there is no profit involved in this for them. They simply are doing what God instructed them to do, fund the church.

There is a cost involved initially for K & P to bless the church. Travel expenses, video tapes and other materials that are given to the church members. K & P operates only off of donations that enable them to visit churches and give the gift that will keep on giving to the church. When you help K & P give this gift to Christians, you are enabling the church to possibly receive up to 50 thousand dollars a year, for every Christian that gets signed up. If a church had 1,000 members who were all signed up, it could generate up to 50 million dollars a year! That is just one church! Imagine one million Christians, that could generate up to 500 billion dollars every year to fulfill the great commission! God is so good, even better than we can conceive. You give Him your five loaves and two fish, He feeds thousands!

Experience the miracle of the fishes and the loaves today. A \$10 donation could bring up to 50 thousand dollars a year to the church!

Name: _____ Address: _____

Phone number: _____ E-mail: _____

I have enclosed a donation of \$10__ \$20__ \$30__ \$40__ \$50__ \$60__ \$70__ \$80__ \$90__ \$100__ Other _____

My preference for the denomination to receive the potential tithe of up to 50 thousand dollars for every \$10 I donate is: _____

Send in this stub with your donation in the self addressed envelope enclosed
